Summary

I'm a Frontend developer, Knowledgeable with all stages of the development cycle for dynamic web projects. I have experience working with HTML , CSS and I specialize in JavaScript with Vue-Js framework.

Also, I'm a UI / UX Designer I have experience design with adobe xd, through my work on university projects I really loved team working and the way the project will be built gradually to take its last shape.

Now I am developing myself to get a real job experience to share my knowledge more and more.

Education

Student at Information Technology Engineering (4th year)

Damascus University | 2018 -Present

University Projects

Frontend Developer | 4/2022 – Present

E-commerce app for small business

Built single web application Using Vue-js framework.

UI / UX Designer | 3/2022 – 4/2022

Dashboard admin for e-commerce website

Used wireframes, mock-ups and prototypes to establish user interface design and architecture, designed with adobe xd

UI / UX Designer | 1/2022 – 3/2022

E-commerce platform for small business

Designed with adobe xd (mobile app & website)

Frontend Developer | 2/2021 – 12/2021

Pharmacy management system

Translating design UI/UX wireframes and mockups into responsive, interactive features using HTML, CSS, Bootstrap and JavaScript, Producing website compatible with multiple browsers.

Java Developer | 9/2020 – 1/2021

Destroy or defend

The game is developed with a high level of abstraction using the concepts of OOP, and interfaces are designed using JavaFx.
